No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true;
Raise and defend it! ye sons of the brave,
Whose blood bought the banner your valor must save.

MONDAY MORNING, JUNE 22, 1863.

By Telegraph.

The dispatch received Saturday was somewhat alarming, and might reasonably excite anxiety lest the Government had not sufficiently guarded itself against the raid which was threatened by Gen. Lee for several days before it was accomplished. We might have supposed it possible that such a proceeding was not feared and was even preferred, if it did not appear that Hooker has been compelled to change his base from Aquia to Alexandria, the Governor of Pennsylvania has appealed to the people of his State for immediate aid to save the commonwealth, and the President has called for 100,000 recruits. These last show, we fear, that the Government was surprised at the rebel demonstration and had not in advance provided against it, though it had been so long threatened.

The rebels seem at length to have considered that all hope of foreign recognition is vain, and that courtesies to England and Austria especially are only wasted, and so they have driven the consuls of these Powers away from Richmond. If this course has been pursued in the expectation that such action will frighten foreign nations, we shall soon learn of how much consequence Jeff Davis is esteemed abroad.

It is stated that American vessels have been attacked off Cape Horn, by a rebel steamer, supposed according to the dispatch to be "a British vessel—the *Fisiecuma* bound for San Francisco." This we imagine is a mistake—no such vessel is known to be on the way, and as for some time we have been anticipating news of the *Alabama* in that direction, we think the piracies reported will prove to be her handiwork. If so, she has before this time been able to reach the vicinity of Panama, and we may shortly hear of the capture of a California steamer bound south and bearing golden freight. We trust that necessary and sufficient precaution against any such calamity has already been taken by the Navy Department, which by this time certainly ought to be fully aware of the tremendous risks to which the commerce of the Pacific may be exposed.

The dispatch of Sunday, published this morning, we confess is a mystery. If the Government has been caught in such a trap, as present intelligence indicates, there has been a woful lack of sagacity; but we are unwilling to believe that such fearful exposure of the loyal people of Pennsylvania has been allowed, or that it has been possible for rebel armies to accomplish what is reported, without more reliable intelligence. And yet we are compelled to admit that the detailed reports have an aspect of truthfulness, for why should such alarm be felt at Harrisburg and in the Susquehannah valley unless the enemy was pressing close at hand. Doubtless the object is the grain crop, in two respects—a desire to save that in the South from Federal raids, and a hope of stealing that in the North for rebel use. But whatever the purpose, it is melancholy and grievous that the immense strength of the loyal North should be of no account against that of a rebel army almost vanquished repeatedly, and within a State whose loyalty has been so boldly vaunted. It is all a mystery: who shall be held accountable for these strange proceedings?

FROM THE BOISE MINES.—Very favorable news is daily coming from our citizens who have gone to the new mines. Accounts which at first seemed so extravagant as to be incredible, are fully confirmed by the most reliable statements. Hon. B. F. Burch of Polk county, who arrived here on Saturday last, gives us similar information. He says that a very large amount of dust now awaits transportation, and that if Wells, Fargo & Co. had continued their Express, at least a million of dollars worth would now be in their hands on its way to Portland. Capt. Dierdorff of Oregon City, in whose statements the utmost confidence may be placed, writes in a letter, from which we make some extracts, as follows:

I have purchased two claims on Grimes' Creek. There is not on this creek a claim which has been opened that pays less than from ten to fifteen dollars a day to the hand. That which is next to mine paid ten dollars, working on top gravel only, and since its owner has reached the bed rock, it has been paying first rate, more than he wants to name.—The mines on this creek are worked thirty miles. Goods of all sorts are very high:—Shovels a few days ago were worth $12 each, though now they are only $6; and other mining tools in proportion. Flour is $14 a sack; no vegetables to be had; bacon is retailed at 75 cents a pound, and beef at 20 cents. To prove that gold is abundant here, I have seen in the hands of a few parties over 500 pounds of dust. Yesterday I saw $12,000 weighed out as payment for one claim, and there are claims here which cannot be bought for less than $25,000 each. Every man that I see has a well filled purse, and mine will, I hope, be replenished in a few weeks, if hard labor will do it.

We might fill our columns this morning with similar proofs of this immense wealth of the new discoveries, from correspondence which has been submitted to us, but it is unnecessary. The forgoing are as good as a thousand, and the best proof, the actual and constant arrival of the dust, must convince the most incredulous.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN

LATER FROM THE EAST.

Dates to June 16th.

Rebel Raid into Pennsylvania.

Harrisburg in Danger.

Another Battle at Bull Run.

Removal of State Papers from Harrisburg, and its Evacuation necessary.

Kirby Smith threatens Grant at Vicksburg, but Grant is confident of Success.

Business closed in Philadelphia.

HARRISBURG, Pa., June 13.—Gov. Curtin issued a general order stating that colored troops will be mustered into the service of the United States, and forbidding colored men from leaving the State to join organizations of other States.

NEW YORK, June 13.—Reserved corps have been created and called the department of Cumberland, under Major Gen. Granger; present headquarters, Trique. The army is composed of three divisions, commanded by Brig. Gen. S. J. Morgan.

A strong force of the enemy, estimated at 10,000 men, under Gen. Forrest and Col. Cruse, is still about the front.

The *Times* says, editorially, that information reached this city that Lee's army of 90,000 men were this side of the Rappahannock, marching northward. Hooker's army is hastening north to prevent the rebel advance. Lee, before the close of last week, crossed by fords above Fredericksburg, and was apparently pushing around the railroad. On Friday, Hooker's whole army was on the northward march. Our commissary stores have been embarked from Aquia creek. Lee has been joined by a large detachment from North Carolina and Black Water, and his cavalry has been massed on the north fork of the Rappahannock. Longstreet's corps, from Culpepper, has doubtless been joined to Lee's army, and Hooker's army cannot be inferior to Lee's. Our army has been heavily reinforced from Nansemond peninsula, and elsewhere. No official indications of these movements have been received from Washington. The *Times* says, these accounts have been obtained from other sources, but such seems to be the general understanding. Our army and the rebels are on the move. They being so close together, it is thought they can hardly avoid collision.

HARRISBURG, June 14.—Dispatches from the telegraph operator at Chambersburg, Pa., and Hagerstown, Md., give information of rebel cavalry arriving at Berryville and Martinsburg about noon. At the latter place there had been hard fighting. Gen. Millroy was contesting their advance. Communication was destroyed between Winchester and Martinsburg. Gen. Reynolds has been driven by a large force of rebels from Berrysville to Bunker Hill. The enemy were also at Winchester. All of Lee's army are moving north from Muddy Branch and Nolan's Ferry. Warm work is going on there.

PHILADELPHIA, June 14.—The *Bulletin* says, the following was received at the Pennsylvania railroad office: A dispatch from Boston Station, on Northern Central railroad, states that there was a general retreat from Martinsburg last evening, and our forces at Winchester are probably captured, as rebels ten thousand strong are at Hagerstown, Md. Danger is great of the enemy advancing in force. Private dispatches state that the rebels appeared near Chambersburg, Pa. Probably that place has been occupied by them.

NEW YORK, June. 15.—A dispatch dated the morning of the 12th, from headquarters 5th army corps, states that troops and wagons were passing through there all night. Troops of the 5th army corps still guarding fords, with orders to be in readiness to move at a moment's notice.

The *Herald* says, editorially, evidently an active campaign is now in operation on the Rappahannock. Harper's Ferry, Shenandoah valley and the upper fords of the Potomac, are the points indicated by recent rebel movements. Our army has also changed its base, our supplies being transferred from Aquia creek to Alexandria.

HARRISBURG, Pa., June 15.—Gov. Curtin has issued a proclamation calling upon all those capable of bearing arms to enroll them selves under Government for the salvation of the commonwealth.

WASHINGTON, June 15.—The President has issued a proclamation, saying that, the rebels threaten to invade Maryland, Western Virginia, Pennsylvania and Ohio, and calls into service 100,000 men from those States, as follows: 50,000 from Pennsylvania, 30,000 from Ohio, 10,000 from Maryland, and 10,000 from Western Virginia, to be mustered into service forthwith, and to serve for six months unless sooner discharged.

PHILADELPHIA, June 15.—Dispatches from Greencastle, Pa., dated 10th inst., received in this city this morning, report our troops now passing in retreat from Hagerstown to Chambersburg, and the former place has been evacuated. All rolling stock of the railroad, and all other stock, has been removed.

ALBANY, N. Y., June 15.—The Governor received a telegram to-day from Washington, calling for 20,000 militia immediately. The Governor has taken steps for the rapid organization of a militia. A draft will be made under the State law to the maximum number of all the militia regiments, and from these 20,000 will be supplied. Those called for six months will be credited to the State, and the three years' men under the national draft.

WASHINGTON, June 15.—Under the proclamation of the President, calling 100,000 troops into service, the States named will be credited under the Enrollment Act, for military service rendered.

MEMPHIS, June 13th.—The *Hiawatha* that brings dates from Vicksburg to the 10th, reports things at Vicksburg unchanged, except our lines are daily contracting. About 60,000 Kirby Smith's corps reported, came up the Washita river and are making demonstrations on the Louisiana side of the river. Our troops at Miliken's Bend have been reinforced. Johnston is still receiving reinforcements from the East.

CINCINNATI, June 15th.—A military company sent to Rush county, Indiana, for the purpose of subduing opposition to enrollment, returned to-night. They arrested a number who were suspicioned and compelled them to give bonds for their good conduct. A company left Fulton county, same State, on Saturday night with enrolling commissioners. The papers there have been seized and destroyed.

FORTRESS MONROE, June 14th.—The English and Austrian Consuls from Richmond arrived here, having been ordered out of the Confederate States by rebel authority. It has been arranged by the Commissioners that Surgeons are not to be treated as prisoners of war. No exchange of officers can be affected at present, as a number of Union officers are held by the rebels under charges, which are intended to bring them under the Act of the rebel Congress, which consigns to execution all officers taken in command of negroes or mulattoes. Col. Ludlow will not, by making any exchange of officers, acknowledge the right of the rebel authorities to discriminate.

NEW YORK, June 15th.—The brig *Arabella* from Aspinwall has arrived. She reports that she was boarded by the pirate *Tacony*, June 12th, in lat. 28° 20', long. 73° 30'. She was taken as a prize and released on a bond of $40,000. The Captain of the Pirate reported that he destroyed two vessels on the same day, and said he intended to destroy all vessels that he captured hereafter.

NEW YORK, June 15th.—A Panama letter states that the Captain of the American ship *George Green*, says he saw a ship on fire off Cape Horn, and prepared to go to her assistance, when he saw a steamer with a rebel flag bearing down for him. Another large American ship appeared, when the *George Green* escaped. It is thought that the steamer was the British Steamer *Fisiecuma*, bound for San Francisco.

CHICAGO, June 15th.—Reports from Southern Illinois says that matters in some counties are growing serious. An open rupture is feared in Williamson county between the secesh "sympathizers" and the Union men.—Some three or four murders have already been committed.

NEW YORK, June 15th.—Sterling unsettled and firm at 158¾@159¼; gold market feverish, opening at 44@46¼. Government stocks quiet; sixes, 1881, coupons, 108¾@108½; 7.30s, 106¾; Pacific Mail, 180; Quicksilver, 142.

BALTIMORE, June 15th.—Richmond papers of Saturday, June 13th, contain the following: It is said that the city jail is so completely jammed with all sorts of prisoners and criminals that the authorities know not what to do with them. There are 135 Yankee officers in prison, detained with citizen prisoners until the U. S. Government comes to terms on the issue pending between our own and their commissioners.

WASHINGTON, June 15th.—The following are telegrams from Richmond papers:—Jackson, Miss., June 9th.—Scouts report rebel pickets around Vicksburg ten miles deep. All approaches closely guarded. Grant communicated with fleet by signals day and night, the mortar boats firing at intervals of few seconds all night. There is nothing from Port Hudson.

WOODVILLE, Miss., June 14th.—Grierson's cavalry, 1000 strong, with eight pieces of artillery, attacked Col. Logan at Clinton, yesterday. Logan, 4,000 strong, with several pieces of artillery, drove them back six miles, capturing two pieces of artillery and killed and captured 35 prisoners. Our loss was two killed and several wounded. The enemy fired several shells into town, killing one man.

MOBILE, June 10th.—The Spanish steamer *Solar*, from Havana for this port, was lost 40 miles out, on the 29th of May. Only four of the crew and passengers were saved.

NEW YORK, June 15th.—The *World's* New Orleans letter of the 7th, says small bodies of Grierson's cavalry, sent to reconnoiter in the vicinity of Clinton, came upon 12,000 rebel cavalry. It was reported that Capt. Davis and 30 men were killed, 40 taken prisoners, and 60 horses captured by the rebels. The rest escaped to our army. It is feared the rebel cavalry will make a raid upon Baton Rouge, where our supplies are small. A force has been sent to protect that place.

LEXINGTON, Ky., June 14th.—Refugees from Mount Sterling and Winchester just arrived, report 300 rebels attacked a part of the 14th cavalry, this afternoon, on Slate creek, east of Mount Sterling, and a severe engagement ensued, lasting three hours, when our forces commenced retreating slowly, fighting as they went. Reinforcements had been sent them.

LOUISVILLE, June 14th.—It is reported our army to-day, captured a band of guerrillas which committed depredations near Elizabethtown, and restored nearly all stolen Government horses.

MURFREESBORO, June 14th—Reconnoisance by Turchin's command yesterday, demonstrated enemy strongly posted 12 miles out at Hovey's Gap and Wartrace road. Perfect quiet throughout the army.

Second Dispatch.

FREDERICKSBURG, June 12th.—Rebel dispatches say: The enemy (Federals) have now had possession on this side of the river for one week, and nothing has been done in the way of fighting excepting one or two artillery duels, and daily picket firing. At Culpepper, on Thursday, our (Rebel) troops were heavy among them, being some of our best officers. Our loss is 50 killed and 200 wounded, and 500 taken prisoners. Among the killed was Gen. Wright.

WASHINGTON, June 15th.—The Richmond *Sentinel* of Saturday, June 13th, says the enemy is exhibiting considerable force on the Peninsula and is advancing in a threatening manner.

BALTIMORE, June 15th.—Gen. Milroy was surrounded at Winchester by 1,800 rebels, but after desperate charging, cut his way through and united with our forces at Harper's Ferry. The force at Martinsburg has also fallen back on Harper's Ferry.

CHAMBERSBURG, June 15th.—Lieut. Palmer, who has just returned from Greencastle, Pa., reports the enemy advancing in three columns, one towards Wagnersboro' and Gettysburg, one direct to Chambersburg, and one towards Mercersburg and Cave Mountain.

CINCINNATI, June 15th.—Governor Todd has issued a proclamation calling for 30,000 volunteers for the defense of the border.

NEW YORK, June 16th.—All our military regiments are getting under arms at the city armories. Bells were rung at midnight in Brooklyn, calling out the minute men. The regiments in this city assembled at 8 o'clock this morning. A large number leave for Philadelphia this morning.

The Baltimore *American* of Monday says, the most reliable information we have been able to obtain, is to the following effect: An attack was made on Saturday morning on a small force of our men at Berryville, under McReynolds, of which the Maryland battery formed a part. They fell back before the superior numbers, and joined Gen. Milroy at Winchester, after a short engagement, the results of which are not now known. At the same time Winchester was attacked in front by a force reported under the command of Ewell, of Stonewall Jackson's troops. Those that made the attack at Berryville are said to have been under the command of Gen. Trimble. A third force, after this encounter, is said to have captured a detachment of our men at Bunker Hill, and then moved on to Martinsburg. At four P. M. yesterday, they demanded the surrender of Martinsburg, giving 45 minutes for the women and children to leave. Gen. Tyler, who commanded at Martinsburg, refused to surrender, and an artillery fight ensued. At quarter past seven last night the wires were broken between Harper's Ferry and Martinsburg, and what occurred after that time, is unknown. A battle was also in progress at Winchester, yesterday.

Gen. Milroy repulsed Ewell on Saturday, and said that he could hold out until reinforcements reached him. If unable to sustain his position, he would have to fall back on the line to Romney, as the Harper's Ferry and Martinsburg roads were held by the enemy.

NEW YORK, June 16.—It is ascertained that Hooker left the station near Falmouth, on the morning of the 14th, and proceeded toward Dumfries, where they rested for the night. On Monday morning the army proceeded on the road to Fairfax station, where they probably arrived that night.

Previous to the departure of Hooker, the 6th corps, which lay on both sides of the river below Fredericksburg, proceeded northward, and reached the vicinity of Dumfries on Sunday night. Belle Plains and Aquia creek were evacuated, and all public property shipped or otherwise secured. The effects destroyed were such as were not worth removal. Up to Monday morning, our army held the line of the Rappahannock from Banks' Ford to Kelley's Ford—the river being protected by sufficient troops to hold the enemy at bay, should they attempt to cross below. On Sunday evening a cannonade was heard in the direction of Thoroughfare Gap, which was thought to be an effort of the rebels to cross in force.

NEW YORK, June 16th.—It is ascertained that the main portion of the Army of the Potomac has retired from the Rappahannock.—The movement was rendered necessary by that of the enemy. A large number of wounded and sick have been brought away, and transferred to the Military Hospital in Washington. The exact whereabouts of General Lee is not known, but is supposed to be near Thoroughfare Gap.

HARRISBURG, Pa., June 15th.—The rebels entered Chambersburg, Pa., yesterday, at 9 o'clock.

CHICAGO, June 16th.—Memphis dispatches to the 13th, say Louisiana, opposite Vicksburg, and up the Mississippi, as far as Milliken's Bend, are full of rebels. They hold Richmond and New Carthage. Their forces are being daily increased from Washita river.

Last evening's Washington *Republican* says, as we go to press we have news of the enemy in the Shenandoah Valley, in the region of Winchester, Martinsburg and Harper's Ferry. Lee's whole army is in the Valley, stretching nearly its whole length, and strongly reinforced from the Peninsula Suffolk, Richmond, Gordonsville and North Carolina.

Later.

WASHINGTON, June 16.—The Government has received a telegram from Milroy stating that he is at Harper's Ferry, with the greatest part of his command. And that Winchester was invested by about 15,000 rebels, with 20 pieces of artillery. That they carried the outer works by storm at 6 o'clock on Sunday evening the 14th. He adds "I then spiked my guns and left with my whole command. Early on Monday morning, the 15th, four miles this side of Winchester, the rebels with an overwhelming force attacked me. After a desperate fight of two hours, I got through but was pursued by a large cavalry force which picked up a number of my men. My loss is about 2,000, killed, wounded and missing.

BALTIMORE, June 16.—The Governor has issued a proclamation calling upon the people of Maryland to defend their State from invasion. The City Council met this morning to devise means to co-operate with the Government and the Commanding General of the Department, to raise a portion of the 10,000 men called for.

MEMPHIS, June 15.—Arrivals from below bring official advices from Grant up to noon of June 11th. Reinforcements were arriving and taking positions assigned them. The movements of Kirby Smith's forces on the Louisiana shore, were attracting attention. It is doubtful about his having means to cross the river. Grant is still confident and hopeful.

HARRISBURG, June 16th.—Everything is gloomy here. The indications are that the rebels will be in sight of this place to morrow, owing to the absence of troops to stop their advance. The destruction of all the bridges along the Susquehannah is inevitable. As fast as troops reach here they are sent to the different fords on the river, where works are being constructed. Attempts to get troops from Washington have failed, and all the energies of the State must be directed towards arresting the progress of the rebels. There is no hope of saving the country south of the Susquehannah.

PHILADELPHIA, June 16th.—The Mayor has issued a proclamation in view of the urgent necessity of instant action to protect the capital, urging the closing of stores, and directing the citizens to connect themselves with military organizations for the defense of the city.

HARRISBURG, June 16th.—The operator at Loudon, Franklin Co., Pa., reports that our pickets captured a rebel, who says the enemy is in heavy force in Cumberland Valley. The Bedford telegraph operator reports 600 rebel cavalry in Cumberland Valley. There are no Union troops there. Citizens are flying.

PHILADELPHIA, June 16th.—Business in this city has been mostly suspended. Reports from Harrisburg state that the rebels are at Carlisle, only eighteen miles from Harrisburg. A Harrisburg telegram states that all important documents of the capital were being removed to a place of safety. Evacuation was necessary.

NEW YORK, June 16th.—A Baltimore dispatch to the Philadelphia *Enquirer* states that all is safe at Harper's Ferry, and Milroy has reached there. The place will be held. I learn from high authority that a battle has been progressing to-day on the old Bull Run battle ground, between Lee and Hooker; the latter has been doing good service. The train from Baltimore on Monday, went only to Ellicott's Mills.

NEW YORK, June 17th.—Gold this morning 148½.

DR. D. JAYNES'
EXPECTORANT
AND SANATIVE PILLS

HAVE BEEN BEFORE THE PUBLIC SO LONG and found such general favor in every region of country where they have been sold (and there is no place in the civilized globe where they have not been sold) that it would seem almost superfluous at this time to direct attention to them through the medium of the press Yet it is due to suffering humanity and especially to that numerous class who, in the changeable climate of the Pacific Coast, suffer from

Diseases of the Lungs & Throat,

inducing and ending in CONSUMPTION, many of whom may not have used his remedy, that they should be all ow ed to read of some of the cases where its influence has been useful in removing complaints from which they are suf fering. The EXPECTORANT

Operates immediately upon the Disease,

SURELY AND SPEEDILY ERADICATING IT,

while the SANATIVE PILLS by preserving regularity in the Bowels and giving a healthy tone to the other internal organs aid and assist the perfect operation of the former

Attention is asked to the following Certificates, selected at random from the mass in the possession of the proprie tors

UPPER UWCHLAND, Chester Co Pa Sept 16 1858

Dr D. JAYNE—Having been afflicted with ASTHMA and BRONCHITIS, and having the advice of some of the most eminent physicians, whose skillful treatment of my case did not prove to be of any avail, I obtained no relief for my suffering until I commenced the use of your EXPECTO RANT After taking it for about three months I was en tirely cured NATHAN PENNYPACKER

ASTORIA, Long Island Jan 11 1860

L W TINELLI, Esq New York—Sir As you well know I had been afflicted with BRONCHITIS accompanied with the most painful tightness of the chest and great difficulty in breathing for nearly two months and I had almost lost all confidence in the power of medical science when at your friendly suggestion I began the well known (but not enough known) "EXPECTORANT" of Dr Jayne, of Phila delphia Three or four days after having commenced to take it my cough had nearly subsided, the expectoration was easy, and the breathing quite free

I am now quite another man, and my general health has never been better

I remain, my dear Tinelli with esteem, yours truly and friend, J B MONTE

WINFIELD Tuscarawas Co O May 31, 1860

DR D JAYNE—Dear Sir One bottle of your Expecto rant cured my daughter of the LUNG FEVER after hav ing been beyond the hopes of recovery During the attack she had a number of convulsions she is now perfectly well. J H COFFMAN

BURLINGTON Bradford Co Pa July 27 1853

DR. D JAYNE—Dear Sir My son was for one and a half years afflicted with a disease resembling CONSUMPTION. For two years he was not able to labor ... He ... finally induced to try your EXPECTORANT and PILLS and after taking 10 bottles and some PILLS was completely cured, and is now able to labor every day JOHN HENRY

We would add to the above that we sold ... Mr Henry the medicine for his son, and know that the statement is true. MERRY, WILHELM & CO

For a greater number and variety of certificates and fuller information regarding these and other of Dr D Jayne and Sons' Preparations, reference is given to the ANNUAL ALMANAC which may be had from any Druggist or Deal er in Medicines

An Officer of the Customs

An ambitious but sensible man was recently appointed an officer of the customs, and stationed at a small port in Connecticut. Zekiel was his name, and the government representative passed his time fishing writing for the newspapers and waiting for business, for the arrivals were few when one day "a long low black schooner ran into port, dropped anchor, furled her sails squared her yards, and made all snug below. Zekiel momentarily expected that her captain would send her boat ashore with her "manifesto" for the custom house, as in duty bound, but as hour after hour passed away without any indication of such a transaction, he began to be alarmed and suspicious. Determining to sift the matter to the bottom, he rolled up his fishing line, jumped into a boat, and pulled off for the schooner, which he boarded. A man was pacing the deck to and fro with an abstracted air.

"Cap'n, sir?" said Zekiel.

"Yes," was the gruff answer, which did not interrupt the promenade.

"Well, cap'n, I'm the custom house officer."

"O, you are, are you?"

"Yes," said Zekiel, "and I want your manifesto."

"Go to thunder!"

With that the captain resumed his march. Zekiel followed hard upon his heels, and looking over his shoulder in amazement. Here was a decided fix. Such a case was not in the books, and poor Zeke was nearly at his wits' ends.

"Look here, cap'n," said he, at last, "what are you going to do about it? I jest advise you as a friend to gin me that ere manifest as quick as you can, and I won't say no more about it. I won't say anything about it to a single soul. But if you don't—"

"Well, sir, what then," roared the captain, in a voice of thunder.

"Why, then," said Zekiel, stepping back to the bulwarks, "I shall have to report you to the collector."

We should be sorry to soil our paper with the thundering anathemas levelled by the skipper at our friend's head; he was over the ship's side in one moment, and the next pulling for the shore with might and main. The moment his keel touched, he leaped on shore like a maniac, and locomoted for the custom house.

"Here, Mr. Collector," he bawled out, "come right away along with me—you're wanted. Here's the very deuce to pay. Here's an outlandish craft in our harbor, and the cap'n has been as saucy as a wood sawyer's clerk on half pay to me—and been calling me names—and won't give up his manifest, cousarn his ugly picture."

The collector started off post-haste. Arriving at the wharf, Zekiel pointed out the object of his suspicion and alarm.

"Why, bless your soul, Zekiel," said the collector, "that's the revenue cutter—it's sent here to watch you!"

A few weeks after that startling episode Zekiel resigned—the only man that was ever laughed out of government employ.

Important Truths.—On the getting of riches and the nobleness of labor, Starr King thus flashes into light truths worth heeding.

If an aroma could always attend gold, telling in what way it was gained—whether it was inherited or won by enterprise and skill—and if earned, whether in ways useful to the higher interests of society, there would be no danger of a mean worship of money. If a man's sugar and gold told the story at once whether he earned it in making sugar, or by turning sugar into liquor—in raising wheat or in speculating on it—in weaving honest cloth, or in weaving shoddy—in putting strong soles to shoes for soldiers, or sham ones which proves that the maker hadn't any soul at all—in spinning cotton, or in serving as one of the crowd of necessary agents in its distribution—money would carry its own judgment with it.

In any such system the farmer need not fear to let the aroma of his money expend itself far and wide. It would sprinkle the wholesomeness of winds, the perfume of blossoms, the strengthening smell of the soil, the fragrance of noble uses.

The farmer that pays his debts can't get rich dishonestly in the sight of heaven. There can't be too much wheat, too many fine cattle, or too much wool, if it is only grown in the right place. There can't be an excess of excellent peaches and pears, too many pumpkins, or even too great a crowd of cabbages, if they are not eaten so immoderately as to come to a head on human shoulders.

Death of a Hero.—The Mansfield (O.) *Herald* has the following particulars of the heroic conduct and death of Austin Macy of Montgomery county, Ohio, which is without a parallel in the annals of the war. The young hero succeeded in killing eight rebels before his own life was taken by his assailants. Macy belonged to one of the Ohio regiments, either the Eleventh of the Forty fourth, stationed at Camp Dick Robinson, Kentucky, and was sent out with a detachment on a scouting expedition. After a time he became separated, and soon discovered a party of Secesh, who did not notice him. Concealing himself, he fired on, and succeeded in killing seven of them before they discovered where he was concealed. He then tried to make his escape but unfortunately his horse threw him severely injuring and disabling him. In this way he was easily captured by the rebels, who deliberately shot him seven times, wounding and mangling him in a most dreadful manner, but not killing him. He was still able to rise up and *shoot his eighth man!* An end was put to this gallant hero by bayoneting him, and his mangled remains were then thrown into a mud hole. He was twenty two years of age. The particulars of the affair were obtained from a Union woman who witnessed a part of the affair, it having occurred on her farm.

The gas man can make gas-light in your house, but a wife can make sunshine.

Lincoln's Excuse for Contractors.—A credulous old gentleman, a resident of this State, having occasion to visit Washington some months since, concluded he would drop in and have a chat with the President on the condition of the country. He did so. The credulous old gentleman directed the conversation to the peculating officials, the dishonesty of contractors and the almost universal corruption that prevailed in public life, and grew eloquently indignant thereat. Whereupon Lincoln volunteered to tell him a story, which ran somewhat as follows: There was a fellow living on the frontier, whose reputation for fighting Indians had rendered him somewhat conspicuous in his neighborhood, but he was equally notorious as a horse thief and a confirmed pest in times of peace. Having been caught with on one occasion a stolen horse in his possession, he was speedily brought to trial. During the progress of the investigation, the cry of "the Indians are coming!" rang through the Court room, and the Judge, jury and the spectators instantly arrived at the sage conclusion that though the culprit was undoubtedly guilty, his services were too important just then to dispense with them, and he was acquitted.—*N. Y. Courier*.

Anti Slavery Sentiments in New Orleans.—Among the speakers at a late meeting of the Union Association of New Orleans was one Judge Hiestand, who thus expressed his gratification at the progress of anti slavery sentiment:

What changes have taken place in one year! I have been a slaveholder since I was able to own a negro, and have never entertained conscientious scruples in the matter, and do not now. Three years since, in Lafayette Square I told the residents of this city that the first attempt to defy the power of the National Government would result in the downfall of slavery. To night I rejoice to inform you that from the Rio Grande to the St. Johns, and from the Atlantic to the Pacific, slavery is doomed.

Fourth of July Meeting at Centreville, Washington Co.—At a meeting held at this place to day (June 13), R. Walker was called to the chair, and J. A. Benson was chosen secretary. The object of the meeting was to select a committee to make arrangements to celebrate our National Birthday.

On motion, T. R. Cornelius, E. Jackson, W. A. Mills, W. Bowlby and W. Simmons were chosen as a committee to make the necessary arrangements. Said committee are vested with power to appoint others to act in conjunction with them.

On motion the proceedings of this meeting were ordered to be sent to the *Oregonian* for publication.

HELMBOLD'S

Genuine Preparation.

"HIGHLY CONCENTRATED"

Compound Fluid

EXTRACT BUCHU,

A POSITIVE AND SPECIFIC REMEDY

FOR DISEASES OF THE

BLADDER, KIDNEYS, GRAVEL

AND

DROPSICAL SWELLINGS.

This Medicine increases the power of DIGESTION, and excites the ABSORBENTS into healthy action, by which the WATERY or CALCEROUS depositions, and all UNNATURAL ENLARGEMENTS are reduced as well as PAIN and INFLAMMATION, and is good for

MEN, WOMEN OR CHILDREN.

HELMBOLD'S EXTRACT BUCHU

For Weakness arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuse,

ATTENDED WITH THE FOLLOWING SYMPTOMS:

Indisposition to Exertion,	Loss of Power,
Loss of Memory,	Difficulty of Breathing,
Weak Nerves,	Trembling,
Horror of Disease,	Wakefulness,
Dimness of Vision,	Pain in the Back,
Universal Lassitude of the	Muscular System,
Hot Hands,	Flushing of the Body,
Dryness of the Skin,	Eruptions on the Face,

Pallid Countenance.

These symptoms if allowed to go, which this medicine invariably removes, soon follows

Impotency, Fatuity, Epileptic Fits,

IN ONE OF WHICH THE PATIENT MAY EXPIRE.

Who can say that they are not frequently followed by those direful diseases

"INSANITY AND CONSUMPTION,"

Many are aware of the cause of their suffering, but none will confess.

THE RECORDS OF THE INSANE ASYLUMS,

And the melancholy deaths by Consumption bear ample witness to the truth of the assertion that

THE CONSTITUTION,

once affected with Organic Weakness,

Requires the Aid of Medicine,

to strengthen and invigorate the system, which

HELMBOLD'S EXTRACT BUCHU

invariably does.

A Trial will Convince the most Skeptical.

FEMALES! FEMALES!! FEMALES!!

OLD OR YOUNG,

Single, Married or contemplating Marriage

In many affections peculiar to Females the Extract of Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrous state of the Uterus, Leucorrhea or Whites, Sterility, and for all complaints incident to the Sex, whether arising from Indiscretion, Habits of Dissipation, or in the

DECLINE OR CHANGE OF LIFE!

(See symptoms above.)

No Family should be without it.

TAKE NO MORE BALSAM, MERCURY, OR UNPLEASANT MEDICINE FOR UNPLEASANT AND DANGEROUS DISEASES.

HELMBOLD'S EXTRACT BUCHU,

AND

HELMBOLD'S IMPROVED ROSE WASH

CURES SECRET DISEASES,

In all their Stages, At Little Expense,
Little or no Change in Diet, No inconvenience,
AND NO EXPOSURE.

It causes a frequent desire and gives strength to Urinate, thereby Removing Obstructions, preventing and curing Strictures of the Urethra, allaying Pain and Inflammation, so frequent in this class of Diseases, and expelling all Poisonous, Diseased and worn out matter.

THOUSANDS UPON THOUSANDS

Who have been the victims of Quacks

and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "POISON" has, by the use of "Powerful Astringents," been dried up in the system, to break out in a more aggravated form, and perhaps after marriage.

Use Helmbold's Extract Buchu

for all Affections and Diseases of the URINARY ORGANS, whether existing in MALE OR FEMALE, from whatever cause originating, and

NO MATTER OF HOW LONG STANDING.

Diseases of these Organs require the aid of a Diuretic.

HELMBOLD'S EXTRACT BUCHU

IS THE GREAT DIURETIC,

And it is certain to have the desired effect in Diseases for which it is recommended.

Evidence

of the most Responsible and reliable character will accompany the medicines.

Certificates of Cures

From Eight to Twenty Years standing, with names known to science and fame.

"PHYSICIANS," PLEASE "NOTICE."

We make no secret of Ingredients. HELMBOLD'S EXTRACT BUCHU is composed of Buchu, Cubebs, Juniper Berries, selected with great care by a competent Druggist. Prepared in vacuo by H. T. HELMBOLD, Practical and Analytical Chemist and Sole Manufacturer of
